

HEATING AND COOLING INCENTIVE APPLICATION

As a customer of a participating utility provider(s) with Wisconsin's Focus on Energy program, you may be eligible for incentives on heating and cooling equipment. Retain a copy of your application and supporting materials for your records.

STEP 1: CHECK YOUR ELIGIBILITY

Your equipment must be purchased and installed **between July 1, 2017, and December 31, 2017.**

You may qualify for even higher incentives

Focus on Energy offers standard incentives (Tier 1) regardless of income. However, if your household income is at or below the amounts in the table below, you may qualify for higher incentives (Tier 2).

Household Size	Gross Annual Income	Gross 3-Month Income
1	\$34,899	\$8,725
2	\$45,638	\$11,409
3	\$56,376	\$14,094
4	\$67,115	\$16,779
5	\$77,853	\$19,463

To qualify for the higher Tier 2 incentives, an Income Eligibility Application must be completed. Find it at **focusonenergy.com/applications**, along with this Heating and Cooling Application. You can only receive Tier 1 or Tier 2 incentives, not both.

STEP 2: COMPLETE YOUR APPLICATION

Please fill out all fields unless otherwise directed, and make sure to sign your application. Incomplete or missing information will delay processing.

WHAT YOU'LL NEED:

- A copy of your sales receipt/invoice indicating, model number, purchase/installation date and price.
- A copy of your AHRI Certificate (if required)
- A copy of your Tier 2 Approval Letter or your Income Eligibility Application (if eligible for Tier 2).

STEP 3: SUBMIT PAPERWORK

Submit the application **within 60 days of the equipment installation** along with supporting documentation to Focus on Energy. Please allow 8-10 weeks for processing and retain a copy for your records.
