

Smart Thermostat Incentive

Qualifying Products List

October 29, 2018

Requirements for Smart Thermostat Incentive:

- Offer is limited to Wisconsin customers of **Focus on Energy** [participating utilities](#) based on the home's primary heating system
 - Homes with a natural gas furnace must be a customer of a participating electric utility and gas utility
 - Homes with a natural gas boiler must be a customer of a participating gas utility
 - Homes with an air-source heat pump must be a customer of a participating electric utility
 - Homes heated by liquid petroleum (LP) gas or a geothermal heat pump are not eligible
 - Offer is limited to one incentive per home heating system and two per household
- Must replace an existing thermostat that does not qualify for program incentives
- Thermostat must be Wi-Fi capable
- Thermostat must be connected to the internet
- Thermostat must feature integrated occupancy-sensing capability, such as motion sensors and/or geofencing with setback
- Thermostat must offer the above features without additional devices
- Application or connectivity service must be free of charge
- Application must be completed within 60 days of purchase

Incentive when installed with existing equipment: \$75 Incentive

Incentive when installed at the same time as qualified equipment: \$125
