

## Smart Thermostat Incentive

### Qualifying Products List March 20, 2017

#### Requirements for Smart Thermostat Incentive:

- Offer is limited to Wisconsin customers of **Focus on Energy [participating utilities](#)** based on the home's primary heating system
  - Homes with a natural gas furnace must be a customer of a participating electric utility and gas utility
  - Homes with a natural gas boiler must be a customer of a participating gas utility
  - Homes with an air-source heat pump must be a customer of a participating electric utility
  - Homes heated by liquid petroleum (LP) gas or a geothermal heat pump are not eligible
  - Offer is limited to one incentive per home heating system and two per household
- Must replace an existing thermostat that does not qualify for program incentives
- Thermostat must be Wi-Fi capable
- Thermostat must be connected to the internet
- Thermostat must feature integrated occupancy-sensing capability, such as motion sensors and/or geofencing with setback
- Thermostat must offer the above features without additional devices
- Application or connectivity service must be free of charge

#### Incentive: \$75
