Customer checklist

Review these key steps with your customer to check eligibility and get started.

- 1 Visit focusonenergy.com/utilities to confirm the customer's utility participates in Focus on Energy.
- 2 Determine eligibility for Tier 1 or Tier 2 incentives. Customers may be eligible for the higher Tier 2 incentives if they are at or below the following income limits:

Household Size	Annual Income Upper Limit
1	\$38,841
2	\$52,101
3	\$64,360
4	\$76,619
5	\$88,877

- 3 To request Tier 2 incentives:
 - Submit the Income Eligibility Application and supporting documentation and receive approval.
 - Complete the qualifying improvements.
 - Apply for incentives:
 - **Insulation and air sealing:** Trade Ally contractor submits incentive application within five days of invoice.
 - **Heating and cooling equipment:** Submit incentive application within 60 days of project completion.

For more information on Tier 2 incentives, visit focusonenergy.com/tier2.

- 4 If the customer doesn't qualify for Tier 2 incentives, you can begin completing qualifying improvements.

Program applications are available at focusonenergy.com/residentialapps. Use the online application for faster processing.

REDUCING ENERGY WASTE ACROSS WISCONSIN

Incentives are subject to change and cannot exceed project costs. Focus on Energy, Wisconsin utilities' statewide program for energy efficiency and renewable energy, helps eligible residents and businesses save energy and money while protecting the environment. Focus on Energy information, resources and financial incentives help to implement energy efficiency and renewable energy projects that otherwise would not be completed.
