

BE REWARDED FOR DEVELOPING YOUR ENERGY PLAN

Developing your organization's energy-saving priorities and strategic energy goals can have powerful long-term benefits. Include FOCUS ON ENERGY® in your planning process and you not only benefit from having energy expert support, but you'll be eligible to receive a **10% bonus** on projects completed in 2022.

How to participate

- 1 Schedule a planning meeting with your Energy Advisor to identify future energy efficiency project(s) to implement in 2022.
- 2 Complete the Project Planning Workbook with your Energy Advisor detailing the upcoming project(s), return on investment, and estimated completion dates. The workbook must be completed by **September 30, 2022**. An enrollment letter will be sent upon approval.
- 3 Finalize your energy efficiency project(s) and submit the required paperwork as directed in the enrollment letter. The bonus will automatically be added to your incentive.

Do you benchmark your facilities to help track utility spending?
Our District currently uses ENERGY STAR Portfolio Manager to track utility bills. A goal for 2022 is to enter data timely and collaborate with our Energy Advisor to analyze the data and identify anomalies that could save energy.

Does your organization have an energy team or do you have plans to create one?
Our District does not currently have an energy team but will introduce the topic to administration in 2022 and follow the Energy Team process provided by Focus on Energy.

Eligibility requirements

- Available for school and government customers only.
- Projects are eligible for a bonus after the workbook is submitted and enrollment letter received.
