

# BE REWARDED FOR PLANNING WITH FOCUS ON ENERGY® FOR TRIBAL NATIONS

Identifying your energy-saving priorities and strategic energy goals can have powerful long-term benefits. By including Focus on Energy in your planning process, you will not only benefit from having support from an energy expert, but you will gain access to additional incentives on projects completed and submitted in 2022. Participating tribal nation-owned entities will receive a **100% bonus** for the first \$5,000 in project incentives and then a **25% bonus** on all other project incentives.

## How to participate

- 1 Schedule a planning meeting with your Energy Advisor to identify future energy efficiency project(s) to implement in 2022.
- 2 Work with your Energy Advisor to complete the Project Planning Workbook by **September 30, 2022**. An enrollment letter will be sent upon approval.
- 3 Finalize your energy efficiency project(s) and submit the required paperwork as directed in the enrollment letter. The bonus will automatically be added to your incentive.

**Do you benchmark your facilities to help track utility spending?**  
We currently use ENERGY STAR Portfolio Manager to track utility bills. A goal for 2022 is to enter data timely and collaborate with our Energy Advisor to analyze the data and identify anomalies that could save energy.

**Does your organization have an energy team or do you have plans to create one?**  
Currently, we do not have an energy team but will introduce the topic in 2022 and follow the Energy Team process provided by Focus on Energy.

## Eligibility requirements

- Available for tribal nation-owned entities only.
- Eligible for custom and prescriptive projects.
- Projects must be completed and paperwork submitted by **December 10, 2022**.
- Offering cannot be combined with other bonuses.
